

## Funky Flower Painting.

Get creative doing some flower paintings. The lovely red tulips are made using spoons and forks.

Can you guess what we used for the sunflower?

No need to water these flowers!

You will need:

Coloured card

Lolly sticks

egg box or plant pot

colour pens

scissors

glue stick

Cut out flower and leaf shapes from the coloured card and decorate. Colour the lolly sticks green. Stick the flowers and leaves on the lolly sticks. Arrange flowers either in the egg box or the plant pot to display.

Parents - you made need to put some compost in the bottom of the plant pot to help the lolly sticks stand up.
