

Year 1 Division Arrays.

Have a go at writing 2 division number sentences for each of the arrays below.

Parents - if your child is finding this concept tricky - use 2 different coloured pencils to show the different groupings or have a go at making your own arrays and explaining it practically.

The last question was a little bit sneaky. What did you spot?

Extra challenge.

Have a go at finding or making some arrays at home.

Can you write 2 division number sentences for your array?
