Create a menu for your dream restaurant

For this you need to include a short blurb/summary about what your restaurant is like and where you will find it. You can sell whatever food you wish; be as creative as you can.

You will need to think of 3 starters, 3 mains and 3 desserts.

For example:

5oz beef burger, topped with marshmallows served in a bowl of ice-cream. £6.99

Try to use EXPANDED NOUN PHRASES to add description to your writing.

Decorate your menu with pictures of your food and make it look fantastic.

Tips:

What are 'expanded noun phrases'?

Expanded noun phrases are there to make your writing more exciting and create a picture in the readers' head. One way to achieve this is to use a variety of adjectives (describing words) to describe nouns (person, place or thing).

Look at the table below to see how 'expanded noun phrases' might be used by children of different ages. It'll give you an idea of what I'd expect in your writing.

	car	pie	castle
Year 1: some use of adjective. Mostly related to size or colour	the red car	an apple pie	the tall castle
Year 2: beginning to select better adjectives and amend existing adjectives	the speedy, red car	a yummy, apple pie	the tallest castle
Year 3: More nouns are expanded in a text. Adjectives are chosen with more care for some nouns (not all).	the speedy, red sports car	a delicious apple pie a scrumptious apple pie	the enormous castle
Year 4:	the demon-red Ferrari the sleek Ferrari	a scrumptious, steaming-hot apple tart a delectable apple pie	the gargantuan fortress
Year 4 – part 2	the sleek Ferrari with golden door handles	a delectable apple pie from the bakery	the gargantuan fortress in the forest

Here is an example of a menu from my favourite restaurant!
