

Alphabet Poem

Today I would like you to create an alphabet poem.

Use an adjective (describing word), a verb (doing word) and a noun (name/thing).

I have started one for you.

Awkward, **a**mbling **a**ntelope,

Beautiful, **b**ouncing **b**unny,

Careful, **c**rawling **c**at,

Delicious, **d**ripping **d**essert,

Edible, **e**xciting **e**ggs

Frozen, **f**umbling **f**ish...

As you can see I have changed my subject every 3 lines, the first three are about animals and the next 3 are about food. It's completely up to you how you decide to order your poem. You could even try and make it rhyme! Looking forward to reading them.
