Phase 5 - sentence substitution - how many silly sentences can you make?

We are continuing to look at the **or** sound family.

Remember the different ways you can spell the **or** sound?

or - b**or**n

aw - s**aw**

au - **au**tumn

al - t**al**k

our - f**our**

aught - c**au**ght

Today we are going to look at the **au** spelling.

Activity 1 (blending for reading).

Quick read the attached powerpoint containing **au** words.

Activity 2 (segmenting for spelling).

Can you write some sentences about the picture using some of the **au** words below?

Maybe you can also think of some of your own. If you are not sure what any of the words mean ask your grown up.
