

## Reception and Year 1.

Today we are going to thinking about clocks.

Look at the picture of the clock.

What numbers can you see?

How many hands can you see?

Are the hands the same?

Do you have any clocks like this in your house?

## Year 1.

The big hand is called the minute hand and the little hand the hour hand.

Can you remember how many minutes there are in an hour?

## Activity – Reception and Year 1.

Watch the videos below on telling the time.

<https://www.youtube.com/watch?v=5xRσBx7iVGI>

<https://www.youtube.com/watch?v=EIXaxnageTo>

Make a timetable of your day containing at least 5 events.

Reception – sequence the events in the right order.

Year 1 – sequence the events in the right order and add some clock faces showing the time to o'clock that you do the things on your timetable. A sheet of blank clock faces is attached to help you or you can draw your own.

Telling the time is something that requires lots of practise. Please talk to your child about time and look at the clock regularly throughout the day.
