

Year 1 - Add by Making Ten Fluency - easier.

Add by Making 10

1a. Complete the calculation and ten frame below.

$$5 + 6 = \square$$

VF

Add by Making 10

1b. Complete the calculation and ten frame below.

$$8 + 5 = \square$$

VF

2a. Use the part-whole model to solve this calculation.

VF

2b. Use the part-whole model to solve this calculation.

VF

3a. Tick the calculation that matches the number line.

$$7 + 5 = \square$$

$$7 + 3 = \square$$

VF

3b. Tick the calculation that matches the number line.

$$6 + 2 = \square$$

$$6 + 6 = \square$$

VF

4a. Complete the number line to show the calculation.

$$8 + 3 = 11$$

VF

4b. Complete the number line to show the calculation.

$$2 + 9 = 11$$

VF
