

Year 1 - Add by Making Ten Fluency - medium.

**Add by Making 10**

5a. Complete the calculation and ten frame below.

$$9 + 6 = \square$$

VF

**Add by Making 10**

5b. Complete the calculation and ten frame below.

$$7 + 7 = \square$$

VF

6a. Use the part-whole model to solve this calculation.

VF

6b. Use the part-whole model to solve this calculation.

VF

7a. Tick the calculation that matches the number line.

$$6 + 8 \quad \square \quad 6 + 7 \quad \square$$

VF

7b. Tick the calculation that matches the number line.

$$8 + 8 \quad \square \quad 8 + 2 \quad \square$$

VF

8a. Complete the number line to show the calculation.

$$5 + 9 = 14$$

VF

8b. Complete the number line to show the calculation.

$$3 + 9 = 12$$
