

Add by Making 10

1. Beth is making 17 tarts. She makes lemon and strawberry tarts. Her baking trays hold up to 10 tarts. She has shown one way of displaying her tarts using her number bonds to 10.

She says,

This display shows
 $8 + 2 + 7 = 17$.

Find 5 other ways she could make a total of 17 tarts using her number bonds to 10.
Write a number sentence for each one.
