

Reception and Year 1.

Today we are going to be carrying on with our activities on clocks.

Activity - Reception and Year 1.

Work through the attached power point which will recap on telling the time to o'clock.

Reception - have a go at drawing the o'clock times on the clock cards.

What might you be doing at

8 o'clock?

5 o'clock?

7 o'clock?

I have also attached a sheet to make your own clock if you would like to.

Year 1 - watch the video which explains how to tell the time to the half hour.

<https://www.youtube.com/watch?v=rRayvaGIuMY>

Have a go at the attached worksheets. Start on the o'clock sheet and if you feel confident move onto the half hour sheet.

Reasoning and problem solving activities.

*Kim says, "The big hand is pointing to the 6 and the small hand is pointing to the 12 so it is 6 o'clock."
Do you agree?*
