

Year 1 - subtraction fluency easier.

Subtraction Crossing 10 1

1a. Solve the calculation below using the ten frames.

$$15 - 7 = \square$$

VF

Subtraction Crossing 10 1

1b. Solve the calculation below using the ten frames.

$$12 - 8 = \square$$

VF

2a. Use the part-whole model to solve the calculation below.

Use the number line to help with the partitioning to 10.

VF

2b. Use the part-whole model to solve the calculation below.

Use the number line to help with the partitioning to 10.

VF

3a. Complete the calculation using the number line below.

$$17 - 8 = \square$$

VF

3b. Complete the calculation using the number line below.

$$13 - 6 = \square$$

VF
