

Watch this video about the parable of The Prodigal's Son.

Think about the parable you have just watched.

Choose from activity number 1 or 2. Then everyone must do activity number 3.

1. Pretend you are the younger son. Write a note to your father explaining your mistakes and how you are sorry and wish to return home.

2. Split your page in three. Draw the father in one space, the younger son in another and the older son in the last space.

Think about these words: Forgiveness, greed, repentance (being very sorry for your actions and wishing to act differently), kindness, generous, jealous, angry, loving, helpful, silly, foolish, lonely. Add them to the picture of the character that you think they match with. Can you think of any other descriptive words to go with the characters? Write them on too.

3. Write down two or more messages you think the parable gives.

Well done
