EYFS	Resources and sequence of learning – Repeat Rotation 1
Year1&2	<p>CEOP Lee and Kim's Adventures (Sid's Top Tips) Lesson 1: To understand what personal information is and how to identify trusted adults who can help. Lesson 2: To understand what personal information should not be shared and that I have the right to say 'No'. Lesson 3: To understand what behaviour others value both online and off. Lesson 4: Watching Videos Jessie and her dog watch videos online using a tablet. Together they learn that while the internet can be enjoyable and fun, there are sometimes things online that can be upsetting or scary. Jessie learns that she can always speak to a grown-up who will be able to help her and put down the tablet if there is anything she sees or hears online that makes her feel worried, scared or sad. Lesson 5 Sharing Pictures Here we meet Mo and Tia, who together with Jessie complete the friendship trio. At Tia's birthday party they use Tia's older brother Kyle's mobile to take fun photos of themselves. The trio agree to send their photos to Tia's nan but also a few other people whose numbers are saved in Kyle's phone. When the photos are shared with other children at their school without their permission, they turn to their teacher for help. The three friends learn about the sharing of images and the importance of consent. Lesson 6: Playing Games Jessie, Tia and Mo are playing the exciting online game <i>Avelzon</i> where they are trying to beat their nemesis Dr Yekl. When a 'friendly' stranger starts talking to Jessie in the game and offers to help the 'Supertotalmegaheros' in their quest, Jessie soon discovers that the stranger's intention is not to help the friends – but to trick them instead. Jessie, Tia and Mo learn that when playing online games they should keep their personal information private, only talk to people they know in real life and that they can tell an adult they trust if anything happens that makes them worried. Each episode ends with a catchy song, aimed to reinforce the animation's safety messages. Review the KS1 Acceptable Use Policy and as a class adapt/ review.</p>
Year3&4	<p>Kids SMART website Explore and discuss the website. Look at the SMART rules for staying safe online. Discuss what actions could be taken if they are uncomfortable or upset online e.g. Report Abuse button. Talk about what games they are enjoying playing and what good choices are when playing games e.g. content, screen time. Create a class SMART Film to share with the whole school and upload to the school website. Create own SMART rules poster. Watch Captain Kara Chapter 1 Accept and talk about responsible behaviour online Watch Captain Kara Chapter 2 What is Reliable? Watch Captain Kara Chapter 3 What should you keep Safe? Watch Captain Kara Chapter 4 (Tell) and Suffering in Silence to discuss the effects of unkind communication. Watch Captain Kara Chapter 5 (Meet) Jigsaw CEOP video to reinforce reporting concerns and discuss the ways this can be done. Watch Captain Kara Chapter 6 What is Reliable? Complete the 'Are you SMART online Questions</p>
Year5&6	<p>Pillar 1 – Think Before You Share (Be Internet Sharp) Younger children often don't understand that whatever they post online can still be seen by anyone far into the future – this is our 'digital footprint'. As they get older, inappropriate posts or 'digital mistakes' can have a lasting effect on how others see them, or on their online reputation. What may seem like a harmless post today could be misunderstood by different readers in the future. The activities in this section help pupils develop skills to encourage them to make and maintain a positive online reputation, by managing their privacy and protecting their personal information.</p>

Activity 1: Is it OK to share?

Activity 2: Whose profile is this, anyway?

Activity 3: How do others see us?

Activity 4: Keeping it private

Activity 5: Interland: Mindful Mountain

Pillar 2 –Check it’s For Real (Be Internet Alert)

It’s important for children to understand that online content isn’t always honest or reliable and is sometimes even deliberately designed to steal personal information. The activities in this lesson help give children the skills to stay safe online by spotting the clues that something may be suspicious, misleading or a scam.

Activity 1: Don’t bite that phishing hook!

Activity 2: Who are you, really?

Activity 3: Interland: Reality River

Pillar 3 - Protect Your Stuff (Be Internet Secure)

Pupils will learn to understand the importance of protecting their personal information online and be aware that information they put online is not necessarily safe and/or private. They will look at ways of securing their information online and asking for help if they are concerned about their own or others’ online safety.

Activity 1: How to build a strong password

Activity 2: Shh... Keep it to yourself!

Activity 3: Taking care of yourself and others

Activity 4: Interland: Tower of Treasure

Pillar 4 - Respect Each Other (Be Internet Kind) The power of online positivity

This is the final lesson in a series of four looking at online safety. Learning to convey kindness and empathy online – and knowing how to respond to negativity and hurtful behaviour – is essential for building and maintaining healthy relationships. These skills can help to reduce feelings of isolation which can sometimes lead to bullying, depression, academic struggles and other problems. The activities in this lesson teach pupils how to interact positively online as well as enabling them to recognise and manage negative online behaviours.

Activity 1: How can I stand up to others online?

Activity 2: Turning negative into positive

Activity 3: Mixed messages

Activity 4: Reacting to role models

Activity 5: Interland: Kind Kingdom

Pillar 5 - When in Doubt, Discuss (Be Internet Brave) This pillar brings all the learning together.
