

Thursday 7 May 2020.

Year 1.

Warm up -

Try the game below to practise your Phase 5 sounds.

[Phase 5 forest phonics game](#)

Today we are going to be thinking about **split digraphs**. We have already seen some of these when we have been looking at different sound families but they are tricky so they are worth revisiting.

There are 5 split digraphs.

**a-e** (c**a**k**e**)

**e-e** (e**v**e**n**)

**i-e** (b**i**k**e**)

**o-e** (st**o**n**e**)

**u-e** (t**u**b**e**)

Remember our song that reminds us of the long vowel sound the letters make.

[Scratch garden vowel song](#)

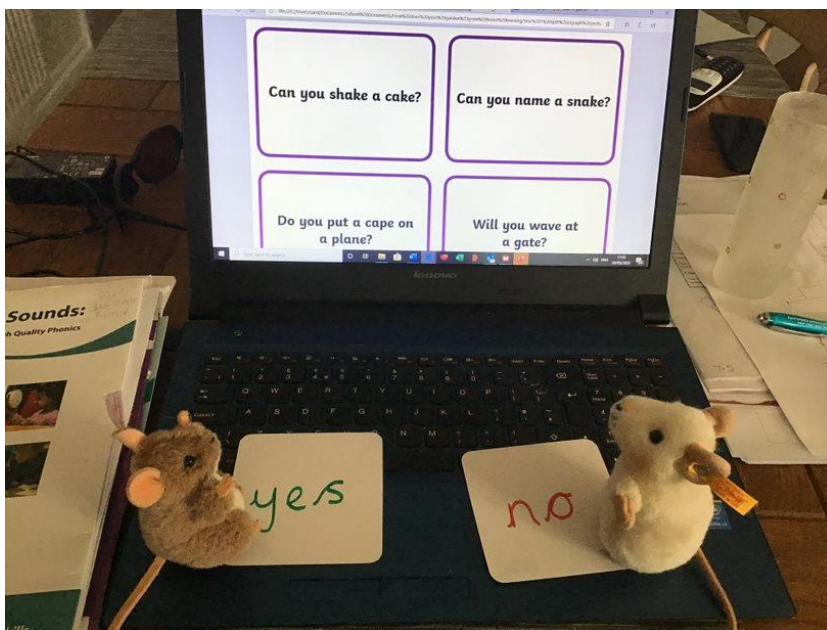

Remember the **le** is always on the end of the word and a letter will jump between the vowel and the **le**.

### Activity 1 (blending for reading).

Yes/No questions.

Write the words **yes** and **no** on two separate pieces of paper.

Print or read on screen the questions (see attachment) and hold up **yes** or **no** depending what you think the answer should be.

Purvis and Mickey Thompson really enjoyed playing this although Mickey Thompson said yes to everything!

### Activity 2 (segmenting for spelling).

Using the attached sheet have a go at writing the split digraph words.

Now see how many silly sentences you can write using these words.
